

Transworld Systems®

"We started seeing results - IMMEDIATELY.
Cash started coming in and has helped our
bottom line immensely"
-Farmers Union Oil-

"Transworld Systems in addition to the superior
collection rate and speed of recovery, Transworld's low
fees provide the client with a SAVINGS of 30-70%"
- Forbes Magazine

DC & H Software and Transworld Systems have partnered to bring Transworld Accelerator and Profit Recovery Service, a true Billing and Third Party Collection solution to DC & H Software clients.

Features

- Customer recovery tool helps you collect past due/slow pay customer payments.
- For a flat rate of about \$10 per account-no percentages-Transworld Systems starts collecting.
- You choose which customers to upload into the system for collection.
- 100% of the money is sent directly to YOU.
- Thank You notes can be sent to customers when they pay.

Benefits

- Reduces your accounts receivable.
- Increases your cash flow.
- Decreases staff pressure and time allocated to collections.
- Retains customers rather than alienating them from your business.
- A 43 year old collection agency in your corner that is number one in the nation; with a success rate more than triple the industry average.

Transworld Systems is serving over 600 propane companies nationwide and is ranked by Forbes, Fortune and Barron with the highest average recovery rate for the lowest fee.
